Can't Take My Eyes Off of You

For SATB* and Piano with Optional Instrumental Accompaniment

Performance Notes: This is a fun arrangement from *Jersey Boys* that was originally recorded by Frankie Valli as a solo piece to demonstrate that he could do more than sing in a high falsetto voice. I took the liberty of arranging this in a series of voicings as if the Four Seasons themselves were singing it. If you are using the TTB arrangement, it will be necessary to have a first tenor who can sing in a high falsetto voice. This is more reminiscent of the popular recording trio, The Lettermen, who often had the melody sung by the second tenor voice. This was true in their hit recording of "Can't Take My Eyes Off of You" performed with "Going Out of My Head." E.L.
